# HAVE A SPRING CLEAN TO KEEP IT GREEN...

***This year, we are setting a new challenge to help raise funds for Francis House. We are asking schools to encourage their pupils to have a clear out and bring in any unwanted, clothes shoes and household textiles that they no longer need. The more collected, the more money is raised for Francis House.***

Once you have collected all your items the Bag it up team will come and collect it from you at an agreed time, its as simple as that!

The clothes, shoes and household textiles are sorted into over 110 different categories! The quality of the items determines the part of the world the items end up.The

best quality and designer items, also known as the "cream", are sold mainly in Eastern Europe.

Please let us know if you would like to get involved with this fundraising initiative by contacting Kate on 0161 443 2200 before the 10th March
