IRISH NO ABROAD

Please join us for a fantastic evening of superb entertainment, delicious four course dinner and so much more...

Friday 29th November 2019

Superb entertainment throughout the black tie evening, starting at 7.00pm and finishing with our celebrity DJ at 3am.

The Hilton, Deansgate, Manchester

When families come to Francis House, they become part of the Francis House family and they gain support and encouragement from other families.

Tehyah was at school when she suffered a stroke aged three and a half.

Now aged 8, Tehyah and her three siblings, together with mum Sam and dad Aaron, enjoy respite stays at the hospice in Didsbury.

The severity of Tehyah's condition means that her parents have completely adapted their lives and now cope on a daily basis with oxygen, medicines, suction and feeding pumps, and doing everything they can to keep her comfortable.

"The kids love coming to Francis House. They count the days until they are here, it's like waiting for Christmas," says Aaron.

Annual running costs are £4.7 million, equivalent to £12,876 per day, and all services are given completely free. By far the largest part of funding comes through charitable donations.

The TYA Unit provides care for teenagers and young adults from all over the North West with cancer and its related illnesses.

Money donated to the TYA Unit funds a number of different projects in the fight against cancer in children & young adults.

The fund supports vital research into new treatments and the causes of the cancers which affect young people, whilst also providing the very best facilities, equipment, staff and environment for the treatment of our patients.

Cornerstone Day Centre has been providing services for people in need since 1991 in a warm and friendly environment, upholding dignity, giving hope and rebuilding broken lives.

Each day we serve up to 200 people facing a wide range of issues from homelessness, poverty, social isolation, poor mental health, to drug and alcohol addictions.

We serve hot food, sandwiches and hot drinks throughout the day. We provide shower and laundry facilities, clothing shop, free haircuts, free optician and a computer suite to help people write CV, apply for jobs and volunteering, register for housing, universal credit, deal with

their utility bills, immigration and many other issues.

We operate an open door policy and welcome people from all backgrounds. Ultimately, the longest running service that Cornerstone has been providing since its humble beginnings in 1991 is a simple chat over a cup of tea, a solid foundation that helps people to rebuild their lives, one brick at a time.
